EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-9 directed to an invention non-elected without traverse. Accordingly, claims 1-9 been cancelled.

2. The following is an examiner's statement of reasons for allowance: The instant invention drawn toward a device for characterizing OSI materials in which the device comprises in particular a closed reaction circuit where sample looped with a defined volume is arranged in the closed reaction circuit and a closed measurement circuit is not found, taught nor found obvious in the prior art.

3. The closest prior art used was in the prior office action to Michaels in which Michaels discloses a closed loop feedback control for oxygen concentrator. First, as the applicant pointed out the reference does not disclose OSI material which comprises of oxygen scavenger or indicators. Michaels concentrates the oxygen from a source, creating oxygen, not characterizing OSI materials. Second, as the applicant pointed out Michael does not disclose a defined volume sample circuit within the reaction circuit operable to be switched into the closed measurement circuit to the closed reaction

Art Unit: 1797

circuit. Michaels discloses gas is allowed to flow between two sieve beds, but does not disclose the operability to switch from one circuit to another. Even though the Michaels reference does include a circuit for concentrating oxygen, it does not teach nor suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
